

# HAZELBURN

· *Estd 1828* ·

*Springbank distillery is the oldest independent, family-owned distillery in Scotland. Legal distillation began in 1828. The chairman is Hedley Wright, the great, great grandson of John Mitchell, the first legal distiller of Springbank whisky.*

*There are a few Scottish distilleries that still malt their own barley but Springbank is the only distillery which malts 100% of its own barley, using the traditional floor maltings. The whole production process: malting, milling, mashing, fermentation, distillation, maturation and bottling, happens on the one site in Campbeltown. This is unique in Scotland.*

*Three malt whiskies are produced at Springbank distillery, each with its own character. Springbank which is 80% of production, is lightly peated and distilled two and a half times. Longrow is more heavily peated and distilled two times. Hazelburn is unpeated and distilled three times.*

#### *Our Core Range*

Springbank	10, 12, 15, 18, 21
Longrow	Longrow, 18, Red
Hazelburn	10, 12

**HAZELBURN**
